SUMMARY

Detail-oriented Software Engineering student currently in the 3rd semester of a BSc program at Daffodil International University, with a strong interest in Data Science and data-driven problem solving. Familiar with programming fundamentals, data structures, and basic Python. Actively building skills in data analysis, statistics, and machine learning concepts through coursework and self-study. Seeking internship or entry-level opportunities to grow as a Data Scientist.

EDUCATION

BSc in Software Engineering [2025 – Present]

Daffodil International University
• District : Dhaka | Country : Bangladesh

Higher Secondary School Certificate (HSC) [2022 – 2024]

Maulana Mohammad Ali College
• Group : Science
• Final grade : 4.25 (Out Of 5.00)
• District : Tangail

Secondary School Certificate (SSC) [2020 – 2022]

Maulana Mohammad Ali College
• Group : Science
• Final grade : 5.00 (Out Of 5.00)
• District : Tangail

KEY SKILLS

- Programming: Python, C, C++
- Data Science: Data cleaning & preprocessing, Dataset understanding
- Mathematics: Basic statistics and probability
- Databases: SQL (basic understanding)
- Tools: Git, GitHub, VS Code, Jupyter Notebook (learning)
- Web Basics: HTML, CSS

PROJECTS

- Data & Programming Practice Projects
- Implemented basic Python programs for data manipulation using lists, loops, and functions
- Solved academic problems related to arrays, searching, and sorting
- Practiced basic statistical calculations such as mean, frequency counts, and simple analysis
- Built small console-based programs to strengthen logic and algorithmic thinking

CERTIFICATE

Training course in Graphic Design (Issued: Feb 2023)

Institute of Computer Technology (ICT)
STD ID: DM-2200809
District : Tangail | Country : Bangladesh

SOFT SKILLS

- Analytical thinking
- Problem-solving
- Consistent learner
- Time management
- Clear communication

LANGUAGES

- Bangla: Native
- English: Professional working proficiency

CAREER OBJECTIVE

To build a strong foundation in Data Science by mastering Python, statistics, data analysis, and machine learning, and to gain practical experience through internships, projects, and real-world data challenges.
